Re: Aledo JHS

We recently installed the Dragon Logo that you did for us at the Aledo JHS. This picture was taken by our superintendent last week after the installer hand waxed it.

The Owner (and everyone else) is very impressed by it and are pleased that they proceeded with the change order to do the work.

If we take or obtain better pictures, we will send them to you.

Thanks again; it was a pleasure working with your company.

Yours truly,

Sara Sokolik
