Dear Philip,

I want to thank you and your company for the professional job that you performed for us on the project at Baylor College of Medicine. The intricacies that had to be dealt with would certainly not have been as easy without your help. Your staff was extremely informative as we went through the process from start to finish. The installation went very smooth because of the easy step by step layout that you provided with the final product. I look forward to working with you on the next project I have that requires a design to be implemented. Thanks again for your assistance.

Sincerely,

Ben Schaeffer
