11305 Indian Trail Cove
Dallas, TX 75229

Dear Phil and Barbara,

What can I say other than "thank you." Your enthusiasm is contagious. I think you inspired a lot of our local artists. You helped de-mystify the process – something which we need to keep doing to ensure that our local artists embrace our program.

I also appreciate the commitment you made to the students. Your donation is so kind and thoughtful. And even more so, your desire to be part of an event in their honor is very moving. The event was well received and I couldn't believe the wonderful words that were said by our local politicians.

I hope you enjoyed Memphis enough to come back. I look forward to working with you again on another project and will recommend you to other artists and designers.

Regards,

A handwritten signature in black ink, appearing to read 'Carissa', written in a cursive style.
